

Life is full of challenges... Colonial Life has the solutions

Colonial Life

ProPoint supports our community during this challenging time and is always on the lookout for products and services that can be helpful to employers and their employees.

Through Colonial Life, ProPoint is offering a suite of voluntary benefits that include robust enrollment support. Communicating, educating and enrolling employee benefits can be a difficult task.

Enroll more effectively

The key to enrollment is reaching employees wherever they are, proper communication, and providing them information they find of interest. Your employees have multiple ways to enroll with live assistance.

IN PERSON

Educate to empower

We've found, the more employees understand their benefits, the more empowered they feel to make the best educated decision. A benefit is not a benefit unless it's understood.

Integrate and Innovate

Technology is always changing; creating more options to provide better functionality and solutions. Whether you use a stand-alone system or plug into any of the leading enrollment platforms – we give you the technology and flexibility to enroll in any situation.
